

NOTICES OF JOURNALS

Studies in History of Medicine and Science, Editor: S. M. Razaullah Ansari, Jamia Hamdard, New Delhi, Volume 15, 1997-98.

S. Zillurrahman, "Medicine during the Reign of Umayyid," pp. 1-16.

S. R. Sarma, "Ayurvedic Studies in Europe," pp. 17-29.

Karine Chemla, "Fractions and Irrationals between Algorithm and Proof in Ancient China," pp. 31-54.

Sonja Brentjes, "Additions to Book I in the Arabic Tradition of Euclid's Elements," pp. 55-118.

Weixing Niu, "Astronomy in the Sutras translated into Chinese," pp. 119-130.

Documentation: Esin Kahya, "Report on the Department of History of Science, University of Ankara, Ankara/Turkey," pp. 131-150.

Reports of Conferences: S. M. R. Ansari, "XXth International Congress of History of Science, Liege (Belgium), July 1997," pp. 151-164; S. M. R. Ansari, "IIIrd International Conference on the History of Oriental Astronomy, Fukuoka (Japan), October 1998," pp. 165-170; Asghar Ali, "PHISPC Seminar on Medicine and Life Sciences, Jamia Hamdard, New Delhi, November 1997," pp. 171-176;

Book Reviews: Nirmal Saxena, *A Critical Study of Yogaratnākara*, Varanasi 1995, by C. Ramanathan, pp. 177-179; Thomas B. Bromann *The Transformation of German Academic Medicine, 1750-1820*, CUP 1996, by Asghar Ali, pp. 181-186; Dominik Wujastyk, *The Roots of Ayurveda*, Penguin Books (India) 1998, by Asghar Ali, pp. 187-190;

Obituary: Hakim Mohammad Said, by Asghar Ali, pp. 193-196;

Indices, pp. 197-202.

Gaṇita-Bhāratī, *Bulletin of the Indian Society of History of Mathematics*, Editor: R. C. Gupta, Indian Society for History of Mathematics, Volume 20 (1998): Dr KS Shukla 80th Birthday Felicitation Volume.

Raĉha Charan Gupta, "Dr K.S. Shukla, Veteran Historian of Hindu Astronomy and Mathematics," pp. 1-7.

R. C. Gupta, "Kamaġkara's Mathematics and Construction of Kuṇḁas," pp. 8-24;

Parmanand Singh, "The Gaṇita Kaumudī of Nārāyaṇa Paṇḁita (English Translation and Notes)," [Chs. i-iii], pp. 25-82.

Mohammad Bagheri, "Khayyam's Scientific Legacy," pp. 83-91.

Jean-Claude Martzloff, "An Overview of Publications on the History of Chinese Mathematics from Mainland China (1993-97)," pp. 92-100;

Notes: "Brief History of the Section of Hindu Mathematics, Department of Mathematics and Astronomy, Lucknow University," by Aruna Nigam, pp. 101-103; "Dr. Parmeshwar Jha: A Scholar of History of Indian Mathematics" by B. N. Chaudhary, pp. 104-107;

Thesis Abstracts: Vinod Mishra: "A Study of Vedic Geometry and its Relevance to Science and Technology," Gurukul Kangri University, Ph.D. Thesis, 1997-98, pp. 108-109, Duan Yaoyong, "The Discussion that Indian Trigonometry affected the Chinese Calendar-Calculation in Tang Dynasty (A.D. 618-907)," Institute for History of Science, Inner Mongolia Normal University, Master's Thesis 1996, pp. 110-112.

Meetings: "Lucknow Symposium on History of Mathematics/Hindu Mathematics, 1997, A Brief Report", by Ramshis Prasad, pp. 113-114; "Historical Content in the 32nd Annual Conference of the Association of Mathematics Teachers of India, 1997", by R.C. Gupta, pp. 115-116.

News, pp. 117-120.

Book Reviews: Arthur B. Powell & Marilyn Frankenstein (ed) *Ethnomathematics, Challenging Eurocentrism in Mathematics Education*, Albany 1997, by P. Rajagopal, pp. 121-123; Ashok Jhunjhunwala, *Indian Mathematics: An Introduction*, New Delhi 1993, by Takanori Kusuba, p. 123.

Notices of Selected Current Publications (N4481 to N 4860), pp. 124-140; Index to the same, 141-142.
