NEW PUBLICATION IN HISTORY OF SCIENCE

IJHS 50 YEARS' CUMULATIVE INDEX: 1966- 2015

The index has two parts: Authors' Index and Subject- wise Classification of papers published in *Indian Journal of History of Science(IJHS)* over last 50 years (1966-2015). The Journal is one of the prestigious serial publication of the Indian National Commission for History of Science. The authors' index contains list of papers arranged under each author in chronological order. The subject list covers the areas on history of mathematics, astronomy, medicine, alchemy & chemical technology, archaeology, agricultural technology, science & society, technology & education and transmission of scientific knowledge in Indian tradition. It is an extremely valuable document for teachers, researchers and scholars interested in the field of history of science from antiquity to modern times. This will also serve as a valuable handbook to find gap areas for researchers and young scholars interested in the field.

Price: Rs.200/-; US \$ 50/-
